What to Do Before the 2027 Market Crash

Channel: Brandon Carter · Published: Oct 20, 2026 · Watch: https://www.youtube.com/watch?v=9koxirep_PY Source: full transcript

📋 Executive Summary

Paul Tudor Jones warns 2027 will be brutal for stocks due to mega-IPO dilution. Investor Derek Moneyberg explains how to profit from crashes using inverse leveraged ETFs, cash-secured puts, and covered calls — while emphasizing education, preparation, and long-term asset accumulation over lifestyle consumption.
