- Claude can now be used to grow your Instagram, but it requires one additional tool to unlock the full capability
- Once connected, you can instruct Claude to:
  - Pull up the top Reels from all your competitors
  - Rank those Reels by view count
  - Transcribe them word for word
- After gathering that data, Claude can rewrite those scripts in your own voice using your own knowledge
  - **Do not steal or copy** — the explicit warning is against reproducing content directly
  - The goal is to take the *formats* and *topics* that are already proven to work, then add your own perspective and expertise (
