🧔 Background & Origin Story 0:00

- Started shaving his head at age 16, motivated by wanting to look like DMX
- Now 41 years old — meaning **25 years** of consistent head shaving

🪒 The Only Razor He Uses 0:07

- Uses exclusively the **Gillette Mach 3**
  - Explicitly notes he is not sponsored or paid by Gillette
    - "I'm not endorsed by them. Just not paid. But I will take the money if they want to give it to me."
  - Chose it because cheaper or off-brand razors consistently caused cuts

🧼 The Shaving Process 0:16

- Applies plain soap to the entire head before shaving
- Shaves everything on his head except his eyebrows
- No shaving cream, no specialty products — just soap

☀️ Post-Shave Care 0:30

- Does not use aftershave or any additional products

- The one exception: applies **sunscreen to his head**
  - Reason: "black people get sunburned, too"
- Keeps the whole routine extremely minimal by design

⏱️ Timing & Frequency Tips 0:34

- The key rule: shave **every single day**
  - Skipping a day or two causes the regrowth to make shaving noticeably painful
- Full routine takes **less than 5 minutes**

🎵 The Music Trick (And the Dancing Mistake) 0:40

- Puts on music while shaving in the bathroom to pass the time
- Starts shaving his whole head and face when the song begins — done before it ends
- **Critical warning:** do not dance while shaving
  - Dancing while holding a razor to your head is a "big mistake" he learned the hard way
