🎬 The 15 Effects List 0:00

- The entire video is a rapid-fire enumeration of 15 video effects Claude edits, with no additional explanation given for each — presented as a straight list:
  - **Finger gun gesture** — a visual effect tied to the finger-gun hand motion
  - **Green screen** — chroma key background replacement
  - **Split screen** — dividing the frame into two or more simultaneous panels
  - **Lighter burn** — a flame/burn transition or overlay effect
  - **Red** — a red color overlay or flash effect
  - **Green** — a green color overlay or flash effect
  - **Jump cut / fast cut** — rapid-pace cutting between clips
  - **Photo boards / image panels** — collage-style arrangements of still images on screen
  - **Comment sticker** — a comment overlay styled as a sticker graphic
  - **Sticky notes** — on-screen sticky note text overlays
  - **Number punch / hit the numbers** — animated number counter or impact effect
  - **Glass shatter** — a broken-glass smash visual effect
  - **Quad stack** — four-panel stacked layout
  - **TV wall** — a wall of multiple TV/monitor screens displaying content
  - **Sprinkler / spray** — a spray or sprinkler particle/liquid effect
  - **Protrusion / pop-out** — an element that visually bursts or protrudes out of the frame
- No further context, pricing, tools, or workflow details are provided in the transcript beyond this list.
