🎬 The 19 Effects Showcased 0:00

- The video lists 19 named video effects, all generated or triggered from one prompt
  - **1. عاصفة العناوين** — Title Storm: an animated, dramatic title entrance effect
  - **2. تقريب سريع** — Fast Zoom: a rapid push-in zoom transition
  - **3. قصاصة ورقية** — Paper Cutout: a layered paper-style graphic effect
  - **4. دوران** — Rotation: a spinning/rotating transition or element
  - **5. تقريب يومي** — Daily Zoom: a standard zoom used in everyday content
  - **6. غلاف مجلة** — Magazine Cover: a styled overlay mimicking a magazine front page
  - **7. استحواذ الدردشة** — Chat Takeover: a chat/comment overlay that dominates the screen
  - **8. تقريب عبر القطع** — Zoom Through Cut: a zoom effect synchronized with a hard cut
  - **9. منحنى النمو** — Growth Curve: an animated graphic showing an upward growth line
  - **10. ظهور قائمة المراجعة** — Checklist Reveal: animated checklist items appearing on screen
  - **11. تقريب رقمي** — Digital Zoom: a pixel/digital-style zoom effect
  - **12. شاشة خضراء** — Green Screen: standard chroma-key background replacement
  - **13. شاشة إطار** — Frame Screen: a screen-within-a-screen or border frame overlay
  - **14. زجاج سائل** — Liquid Glass: a fluid, glass-distortion visual effect
  - **15. بوابة تقريب** — Zoom Portal: a portal-shaped zoom transition
  - **16. نموذج هاتف** — Phone Mockup: footage displayed inside a 3D phone frame
  - **17. كشف الاستوديو** — Studio Reveal: an effect that unveils or transitions into a studio setting
  - **18. تراكب لقطات إضافية** — B-Roll Overlay: secondary footage layered over the primary clip
- The core premise is that all 19 effects are accessible or generated via **a single prompt**, emphasizing workflow speed and creative range
  - No manual setup per effect is implied — the prompt handles the variation

- The range spans text/title effects, transition effects, overlay effects, and mockup effects, covering most common short-form video production needs
