### Executive Summary

---

A comfortable 7/10 life is the most dangerous place to be — not bad enough to force change, not good enough to be fulfilling. Manufacture discomfort, eliminate Plan B, and chase your 10/10 now.

#### 😊 The Danger of a 7/10 Life 0:00

---

- A 7/10 life is described as **the worst place you can be**
  - It is comfortable — not painful enough to demand action
  - But you know, deep down, that a 10/10 is possible
  - That gap between comfort and potential is what makes it a trap

#### 🔥 How to Force Yourself to Change 0:09

---

- The core instruction: "Get off the couch and go after your 10 out of 10 today"
- You must **fabricate** the discomfort and pressure that reality isn't supplying
  - Fabricate discomfort
  - Fabricate pressure
  - Put your back against the wall
  - Take risks where there is no Plan B
  - Burn the bridges — eliminate fallback options entirely
  - "Burn Plan B and go after your moonshot"
- The framing is tied to 2026 specifically — positioned as a singular opportunity
  - "We're all doing it and it's the greatest opportunity of all"
