📋 Executive Summary

ZssBecker shares two big updates: completing a 235,000-word grimdark fantasy epic after months of brutal early-morning writing sessions, and predicting a major crypto surge driven by demand for privacy, decentralization, and AI automation.

Gents. This could be it for crypto.

The AI stock trade is cooled. Meme coins are over.

Trump's hands are tied. The lefts hands are tied.

Privacy, decentralization and AI automation hitting fever demand.

Crypto could turbo run here. Prep your diapers.
