The Problem: Claude Can't See Instagram Alone 0:00

- Brandon opens with a stark performance gap that motivated his investigation
 - One reel: nearly **6 million views**
 - Another reel: just over **5,000 views**
 - He wanted Claude to explain *why* — but hit an immediate wall
- Claude AI has no native access to Instagram, YouTube, or TikTok data
 - It cannot pull your posts, view counts, comments, or transcripts on its own
 - A third-party
