Alibaba.com Co-Create Event & the Axio Announcement 0:00

- Arie attended Alibaba.com's **Co-Create event** and called the Axio announcement one of the biggest reveals there
- Axio is evolving from a product-research and sourcing tool into a **global e-commerce AI workspace** called **Axio Work**
 - The shift brings more commerce workflows into a single, unified place
- Alibaba.com President **Quo Jiang** unveiled the direction during the keynote
- After the keynote, Arie visited the **Agentic Business Lab** to see the new tools in action firsthand

Multi-Platform Functionality 0:46

- Axio Work connects with major e-commerce platforms so sellers don't have to manage each separately
 - Supported platforms mentioned:
 - Shopify
 - Amazon
 - eBay
 - TikTok Shop
 - Walmart
- Key capabilities across platforms:

- Create and manage product listings across all connected marketplaces
- Access cross-platform insights to monitor overall business performance in one view

E-Commerce Manager Agent — Hands-On Demo [1:10](#)

- Arie personally tried the **e-commerce manager agent** at Co-Create
- Core value proposition for small businesses: give the agent a task and it executes the full workflow — no tab-switching or juggling multiple tools
- Built on Alibaba.com's commerce knowledge and ecosystem, making it particularly relevant for sellers of **physical products** who are also sourcing through Alibaba

Cost Positioning vs. Competing Tools [1:34](#)

- Axio Work is positioned as a **cost-effective alternative** to running similar workflows with other popular tools
- Claimed savings: **up to ~50% less** than using tools like **Claude Code** or **Codex**
- Framing: "This isn't just another chatbot that tells you what you should do — the AI can actually help you do the work"

Bigger Vision: Agentic E-Commerce [1:57](#)

- Hearing Alibaba.com leadership discuss agentic e-commerce made Arie "even more bullish" on the direction
- The broader thesis: we are moving toward a world where **one person or a small team** can manage much more of an e-commerce business with specialized AI agents working alongside them
- Axio Work was described as "probably one of the most interesting things" Arie saw at the event
- Viewers can download Axio Work via the link in his bio to receive **free credits**
