Replacing the Human Appointment Setter with AI 0:00

- Brandon fully replaced his human appointment setter with an AI agent
 - The agent works **24 hours a day**, eliminating the need for a person to monitor texts, DMs, and emails
- Emphasizes this is NOT a "dumb chatbot" giving canned responses
 - The AI holds actual, dynamic conversations with leads

How the GoHighLevel AI Agent Works 0:23

- Built entirely inside **GoHighLevel** (GHL)
- The agent's workflow follows a clear sequence:
 - Someone DMs you → AI responds
 - Lead asks a question → AI answers it
 - Lead shows interest → AI qualifies them
 - Lead is a good fit → AI books them directly onto a sales call
- Replaces the cost and effort of hiring a human setter to handle inbound messages
- Runs automatically while the business owner focuses on other tasks
