App Setup: The Technical Foundation 1:29

- **Use a brand-new phone number** on every app — never recycle an old number
 - Old numbers are tied to prior accounts with bad results, triggering shadowbans or negative algorithm weighting
 - Options: virtual SMS online, local SIM card (cheap in the UK), or purchase through the coach's service
- **Brand-new, verified email address**
 - Verification matters most for Tinder and Hinge; Bumble doesn't heavily enforce it
 - Unverified accounts read as bots and get shadowbanned
 - Create a free Gmail in minutes
- **Name**
 - Hinge: use your real name — if banned for misrepresentation, they request ID and a mismatch causes a permanent ban

- Tinder & Bumble: a fake name is fine
- If your real name is hard to pronounce (e.g.
