

Best exercises to build a six-pack? 🤔

Channel: Brandon Carter · Published: Aug 06, 2026 · Watch: <https://www.youtube.com/shorts/Z-DYppPDarA> Source: full transcript

Executive Summary

Brandon Carter runs through a rapid-fire bracket of head-to-head ab exercise matchups, selecting his preferred pick in each pairing to guide viewers toward the most effective six-pack movements.

Contents

- 🥊 Head-to-Head Ab Exercise Matchups

Head-to-Head Ab Exercise Matchups 0:00

- A rapid-fire Q&A format: one exercise vs. another, with a single winner chosen each round
 - **Russian twist vs. Bicycle crunches** → Bicycle crunches wins
 - **Hanging leg raises vs. Lying leg raises** → Hanging leg raises wins
 - **Cable crunches vs. Weighted sit-ups** → Cable crunches wins
 - **Mountain climbers vs. Flutter kicks** → Flutter kicks wins
 - **Toe touches vs. V-ups** → V-ups wins
 - **Stability ball crunch vs. Decline bench sit-up** → Decline bench sit-up wins
 - **Ab wheel roll-outs vs. Barbell roll-outs** → Ab wheel roll-outs wins
 - **Side plank vs. Regular plank** → Regular plank wins
 - **Plank with reach vs. Plank shoulder taps** → Plank shoulder taps wins
 - **Plank vs. Dying roach** → winner not stated before the transcript ends
- No detailed reasoning is given for any pick — the format is purely instinctive/preference-based selections
- Collectively the "winning" exercises form an implied starter list for six-pack training:
 - Bicycle crunches
 - Hanging leg raises
 - Cable crunches
 - Flutter kicks
 - V-ups
 - Decline bench sit-up
 - Ab wheel roll-outs
 - Regular plank
 - Plank shoulder taps
