😴 The Sleep Watch 0:00

- Watch: **Omega Moon Swatch**
 - Worn specifically while sleeping
 - Brandon does not keep his phone next to him at night
 - Reason: if he wakes up in the middle of the night, he wants to know the exact time without reaching for a phone

💪 The Workout Watch 0:07

- Watch: **Apple Watch**
 - Swapped on when it's time to work out
 - Serves a functional/fitness-tracking purpose during exercise

✂ The Work Watch 0:10

- Watch: **Hamilton Khaki Field**
 - Historical context: Hamilton used to manufacture watches for the US military
 - Brandon's personal framing:
 - "I'm in a war against poverty. I'm in a war against mediocrity."
 - Wearing a military-heritage watch during work hours feels thematically appropriate to him

The Everyday & Activity Watches 0:22

- Everyday walking-around watches (used in Miami):
 - One of his **two Cartier Santos** references
 - His **Titanium AP** (Audemars Piguet)
- Activity/dirty-environment watch:
 - **G-Shock** — worn when doing anything that may get messy or dirty
 - Specific example: riding ATVs and at the range

The Special Occasion Watches 0:44

- Worn when speaking at events or networking occasions
- Two options:
 - **Richard Mille RM29** — noted as a good conversation piece
 - **"Bust down" AP** (heavily diamond-set Audemars Piguet)
- After returning home, he puts back on the night/sleep watch and the cycle repeats the next day
