Executive Summary

ZssBecker is unwinding at week's end while grinding through book two of a grimdark fantasy novel, with book one already in the hands of editors and beta readers.

Jack n Coke in hand. Nicotine gum between teeth. Mastodon in ears. Grimdark fantasy novel book two... grinding away.

The perfect ending to a week.

Book one is already in my editor's & beta readers' hands. Can't wait to share what I've been working on the past year with you here
