

Complete High Status Tinder Texting Guide 2026 2.0

Channel: Deni Ops · Published: Jun 21, 2026 · Watch: <https://www.youtube.com/watch?v=rbrfYRgtdo0> Source: full transcript

Executive Summary

Post-date texting guide focused on manufactured scarcity and emotional withdrawal: never text first after a date, cap dates at once per week, gradually dim attention until the woman does 100% of the pursuing, and eliminate all needy texting behaviors.

Contents

-  Stage 1: Never Text First After a Date
-  Stage 2: The Magic Number — Once a Week
-  Stage 3: Dim the Light (Gradual Attention Withdrawal)
-  Rules for Surviving Her Counter-Test
-  Common Texting Mistakes to Eliminate
-  Advanced Observations (What Kills Attraction)
-  Bonus: Fan-Energy Behaviors to Avoid

Stage 1: Never Text First After a Date 1:07

- **Core rule: do not text a girl first after a date — ever**
 - Texting first supposedly surrenders status and respect immediately
 - Texting first gives her a sense of relief and comfort, which the strategy deliberately avoids
 - The goal is to make her feel nervous and uncertain:
