Arriving in NYC: First Day Vibes 0:22

- The group lands back in New York City and immediately sets a packed itinerary
 - Plan: eat food, go shopping, do some work, then go out that night
 - The following day: a big party organized by the Yomi crew and Don
- Quick cash-only lunch moment causes a minor scramble but gets resolved
- The vibe is high-energy from the jump — the group frames it as "Day One" (the previous day "didn't count")
 - Schedule for Day One: gym, work, food, event that night

The NYC Pregame Dilemma 0:46

- At 6:20 p.m. the group faces what Tim calls a "big dilemma"
 - One person just got out of rehab and is asking the group whether he should drink
 - Another just wants to take a nap

- They deliberate briefly, then collectively decide to drink — starting with one Aperol Spritz each
 - Tim jokes: "This is about to be the start of Hangover 2"
- They commit to being "responsible drinkers" for the next 2.5 weeks since they are all living together in the same place
 - Toast: "To responsibly drinking" — immediately followed by ordering two more drinks
- The group heads to a pregame spot with food, a few drinks, an open bar, and a DJ
 - Artist playing that night: **Peggy**
 - Venue backdrop: the World Trade Center
- Tim shares a life philosophy that underpins the whole trip: > "Being where the energy is — that's a big philosophy in life for me. I know what it's like to not be in a big city and I'm just way less motivated, not my peak potential. You go to these big cities and you want to chase the world and conquer."

Cigarette Boat Sunset in NYC 0:209

- Friend Brian messages the group: "Pull up, we got a nice cigarette boat"
 - The actual boat turns out to be a surprise — the group laughs but calls Brian "clutch"
- They cruise on the boat at sunset, joking that it looks like "Lake Como" (sarcastically)
- The night continues at a club/bar — chaos ensues, someone describes it as "Gotham City"
 - Tim notes: "The night is so insane, and then the next morning it's city" — implying a sharp contrast between nightlife madness and the daytime grind

Arriving in St. Tropez: Party Countdown 0:394

- The group arrives in **St. Tropez** with T-minus 3 hours until the big party
- A few weeks prior, Tim's friend **Matt** told him about the party, co-hosted with **Yomi**
 - Budget: **\$500,000 to \$1,000,000** spent on this single party
 - Venue: an "insane villa"
 - Demand: **1,500+ people on the wait list** and growing — the party is completely over capacity
 - Warning: if you don't show up early, you're not getting in

Pre-Party Birthday Dinner with Matt's Crew 0:417

- The group sits down for **Matt Coo's birthday dinner** — framed as "the calm before the storm"
 - Party starts in approximately 2 hours from dinner
- Tim paces himself: only one rosé so far, targeting "sub-10 drinks" for the night
- Notable dinner guests include:
 - **Anna** — from Sweden, lives in Paris, described as looking "like a Barbie," on her "first night out ever"
 - **Ambrose** — described as a Miami connection, "Miami Central Boys"
 - **Adam** — gets a necklace glow-up moment (see next section)

- The group's motto for the night, coined at dinner: **"Don't think, just do"**
- Tim gives an impromptu speech about chasing highs and living life:
 - "I love the high. I love chasing the high and living life and experiencing things because life is short. Once I realized life was short, I was like, 'This shit's sick.'"
- Someone calls for everyone to be present — explicitly telling others to put phones away and stop trying to film/post everything
 - "Sometimes you got to live in the moment. Fuck FOMO and social media. Live in the moment."

Necklace Moment & Party Philosophy 0:558

- **Adam** gets a real diamond necklace put on him as a glow-up / "rapper era" moment
 - Tim notes it's likely the most expensive thing Adam has ever worn
 - Adam jokes about ordering the "Alibaba equivalent with fake diamonds"
- The necklace becomes a running joke — eventually the group suggests gifting it to **Matt** for his birthday
- Tim reflects on what makes a great party:
 - "It's not about the place, it's about the people."

The Half-Million Dollar Party 0:671

- The party takes place at a **villa overlooking yachts in the ocean** in St. Tropez
- Tim attends from **8:00 p.m. to 6:00 a.m.** — a full 10-hour "work shift" as he calls it
- DJs performing: **Prospa** and **Adriatic**
- Production setup described as "literally insane"
- At **3:00 a.m.**, Tim gives a quick vlog update — it "feels like halftime"
 - The plan post-party: sunrise → rest → wake up → work
- By **6:00 a.m.** the after-after party is still going
 - Group declares it "hands down the best party this year" and possibly ever
- Tim immediately gets a FaceTime invite to another party in **Ibiza** right after
 - He's told: "Tim, you're so easy, just come"
- Key ingredients Tim identifies for a perfect party:
 - The right crowd / people
 - Great DJ and music (Prospa + Adriatic delivered)
 - Stunning venue (villa with ocean/yacht views)
 - Exceptional production setup

After-Party & Morning Recap 0:755

- The group eats their first meal after the party — Tim admits he missed eating the steak at dinner because by the time it came out, "I was already lit" after a few rosés and tequila shots
- One person in the group has been sober for **6 days** before this night
- Post-party verdict:
 - "Party of the year."
 - "Everything was spot on."
- Tim feels great the morning after and plans to: eat, do work, and possibly go for a run
 - "I'm dead ass" about running — signaling the balance between partying and discipline
- They still have **one more week in St. Tropez** ahead

The Hustle Mindset Behind the Fun 0:826

- Tim shares a conversation he had with a friend named **Brez** over dinner
 - Brez has been posting content **5 to 10 times a day for 4 years straight**
 - Tim's takeaway: "If I don't capitalize on opportunities now, who knows when this is done"
- The group reinforces a philosophy of no excuses — partying all night does not cancel out morning discipline
 - "You still wake up and work. You still get your running in. It comes down to excuses."
- Tim wraps with a reflection on European summers:
 - "Beautiful European summers, man. Tough to beat. Go travel. Explore. This is what life is all about."
 - "It's a good day to have a good day."
- Outro: Tim still has another week in St. Tropez, needs to pack and check into a new place — invites viewers to like and subscribe for the next video
