Executive Summary

ZssBecker laments what he sees as the ideological ruin of Western entertainment media over the past decade, and argues that creative breakthroughs come from relentless hard work rather than waiting for inspiration.

Oct 04, 2026 · 5:59 PM

It's honestly wild how in just 10 years leftist have destroyed virtually every western media brand.

Not a single video game, movie franchise, comic book left standing. Every last one painted rainbow, pronouns adjusted and drenched with woke HR lady DEI cuntism. Depressing.
