📱 Hardware Essentials 0:00

- **iPhone** — sufficient for all content creation; no fancy camera needed
 - Brandon owns expensive cameras but still films everything on his iPhone
- **Wireless mic** — critical for good audio quality
 - He uses the Hollyland ("Hollow Land") tiny wireless mics visible in the video

🤖 Software & Automation Stack (Go High Level) 0:10

- **Go High Level** is the single platform Brandon uses for every software need across all his businesses
 - He has been using it for over 8 years
- Four core use cases covered by Go High Level:
 - Automated DMs — sends automatic direct messages to people who comment on posts
 - Landing pages — captures lead contact info when visitors download free guides or inquire about coaching; no standalone website required
 - CRM — sends texts, emails, and DMs to all leads from one place
 - Calendar booking — lets prospects and clients book themselves for sales calls and check-ins

📁 Free Trial Offer 0:28

- Brandon offers a **free 30-day trial** to Go High Level
 - To claim it: comment "GHL" on the post and he will send the trial link via DM
