- The video lists 14 distinct effects Claude created from one source take:
  - **Couch Wall** — a background or framing effect featuring a wall/couch setting
  - **Spotlight** — isolates the subject with a focused light beam effect
  - **Number Chart** — overlays or animates a chart with numerical data
  - **Phone Mockup** — places the footage inside a phone screen frame
  - **Zoom Shot** — applies a push-in or pull-out zoom to the clip
  - **Rotation** — rotates the frame or subject for a dynamic angle
  - **Scribble Board** — adds a hand-drawn or whiteboard-style scribble overlay
  - **Frame Break** — the subject or element appears to break out of the video frame
  - **Glass Break** — a shattered glass visual effect applied to the footage
  - **Digital Zoom** — a pixel-style or digital crop-and-enlarge zoom effect
  - **Checklist** — animates a checklist appearing on screen
  - **Headline Wall** — fills the background or frame with news-style headlines
  - **Paper Cutout** — styles the footage to look like cut paper elements
  - **Cover Story** — presents the content as a magazine or news cover layout
