📚 Book 1: The One Thing 0:00

- Core lesson: Find the single thing that makes everything else easier or unnecessary
  - Once identified, do that one thing for **4 hours every day**

🧠 Book 2: Deep Work by Cal Newport 0:07

- Core lesson: Distraction-free work is rare and therefore highly valuable
  - Actionable steps:
    - Put your phone away — ideally in another room
    - Work on one thing at a time
    - Focus on it deeply without switching tasks

⚗️ Book 3: The Molecule of More 0:17

- Core lesson: Dopamine is not the pleasure chemical — it is the "I want more" chemical
  - This explains why most people are never satisfied no matter how much they achieve or acquire

💰 Book 4: The Psychology of Money 0:28

- Core lesson: Getting rich has less to do with intelligence and far more to do with beliefs
  - Your mindset and relationship with money matters more than raw smarts

🛑 Book 5: The Road Less Stupid 0:37

- Core lesson: You don't need more good ideas — you need to make fewer mistakes
  - Prescriptive action: schedule dedicated time to sit down and think
    - Deliberate thinking time is treated as a calendar event, not an afterthought

🏭 Book 6: The Goal 0:49

- Core lesson: Your business can only move as fast as its bottleneck allows
  - Action: focus **100%** on finding bottlenecks in your business and fixing them
    - Rooted in the Theory of Constraints — the weakest link caps the whole system

🚀 Book 7: Expert Secrets by Russell Brunson 0:56

- Core lesson: Sell your product or service as a **new opportunity**, not merely an improvement on an existing solution
  - Positioning as something new avoids comparison shopping and price resistance
- Brandon refers to Russell Brunson as "the big homie"

🥊 Book 8: Anything (Frame Control) 1:05

- Core lesson: Every sales call is a battle of frames
  - You must learn to set the frame so the buyer comes to you — not the other way around
    - Whoever controls the frame controls the conversation and the outcome

🎯 Book 9: Ready, Fire, Aim 1:10

- Core lesson: If your business makes under **$1 million per year**, your only focus should be sales
  - Stop over-planning or optimizing systems prematurely — sell first, refine later

🎁 Bonus: The 7-Day AI Action Plan for Online Trainers 1:18

- Brandon's own resource, not a published book
- Claims to have taught **over 15,000 people** how to build successful online fitness businesses
