# AI Put Me in a Supercar Garage

Channel: Brandon Carter · Published: Nov 12, 2026 · Watch: https://www.youtube.com/shorts/nvMmZ6-90mY Source: full transcript

## 📋 Executive Summary

Brandon Carter shows off AI tools that add live visual effects behind him in video — including animated text, number callouts, and tier rankings of AI products.

## 📑 Contents

- 🎬 AI Video Effects Demo

## 🎬 AI Video Effects Demo 0:00

- Brandon notices (or shows off) AI-generated visuals appearing behind him in the video
  - "Yo, who put these words behind me?"
- The AI effect can display dynamic text on screen as he speaks
- It can animate or highlight numbers when he says them out loud
  - Example: says "1.5 million" and the number appears/animates behind him
- It can generate tier rankings of tools he uses
  - **Perplexity** — rated D tier
  - **Claude** — rated S tier
