How to text girls at different ages even if ur dumb

Channel: Deni Ops · Published: Nov 12, 2026 · Watch: https://www.youtube.com/watch?v=I0DdmAX1rbQ Source: full transcript

📋 Executive Summary

Deni Ops walks through three real dating-app conversations with women of different ages and personalities, showing profile analysis, opening lines, Instagram follow-up, and date outcomes — arguing that age and personality type dictate an entirely different texting strategy.

🗂️ Video Structure & Creator Claims 0:00

- Creator claims to get **3–5 dates per week** from dating apps
- Central premise: having good photos (including AI photos) is not enough — texting skill is what determines results
- States the method has worked for others he has coached
- Video format for each girl:
  - Show and analyze her profile
  - Explain why he said what he said, tied to age and profile cues
  - Show Instagram conversation highlights
  - Give a conclusion and outcome

👩‍🎓 Girl #1: 19-Year-Old Spontaneous Irish Traveler 1:06

- **Profile signals he identifies:**
  - First photo is a clear, non-catfish shot; well-composed —
