

The #1 Exercise for Building Bigger Shoulders

Channel: Brandon Carter · Published: Jul 11, 2026 · Watch: <https://www.youtube.com/shorts/TgLgbZeUBX8> Source: full transcript

Executive Summary

Brandon Carter demos freestanding handstand push-ups as his single go-to shoulder exercise — no gym needed — recommending 3–4 sets to failure daily, a practice he's maintained for 7 years.

The Exercise: Freestanding Handstand Push-Ups 0:00

- The move is a **freestanding handstand push-up** — no wall, no equipment
 - Get into position on the ground, kick feet up into the air, and balance in a handstand
 - From the balanced handstand position, press up and down repeatedly
 - Described as "super simple and effective"
- Requires no gym — can be done anywhere at home

Programming & Results 0:16

- Recommended frequency: **every day**
- Sets: **3–4 sets to failure** per session
- Promised outcome: "big strong shoulders in no time"
- Brandon has used this as his **#1 shoulder exercise for 7 years**, calling it "the main thing I do to build bigger shoulders"
